

# Rebirthing (iTunes Session)

## Skillet

I lie here paralytic  
Inside this soul  
Screaming for you till  
My throat is numb  
I wanna break out I need a way out  
I don't believe that its gonna be this way  
The worst is  
The waiting  
In this world I'm suffocating Feel Your presence  
Filling up my lungs with oxygen  
I take You in  
I've died Rebirthing now  
I wanna live forever  
Wanna live for You and me  
(Breathe for the first time now  
I came alive somehow) Rebirthing now  
I wanna live my life  
Wanna give You everything  
(Breathe for the first time now  
I came alive somehow) Right now  
Right now I lie here lifeless  
In this cocoon  
Shedding the skin cause  
I'm ready to  
I wanna break out  
I found a way out  
I don't believe that its gonna be this way  
The worst is  
The waiting  
In this world I'm suffocating Feel Your presence  
Filling up my lungs with oxygen  
I take You in  
I've died Tell me when I'm gonna live again  
Tell me when I'm gonna breathe you in  
Tell me when I'm gonna feel inside  
Tell me when I'm gonna feel alive Tell me when I'm gonna live again  
Tell me when this fear will end  
Tell me when I'm gonna feel inside

Tell me when I'll feel alive
