

# Killer

## Graham Bonnet

Say Jerry Lee everyone asking  
Why you do the things you do  
But it's clear to me, it's just as natural as breathing  
You can give an answer, to please the fools  
If it makes them feel better  
Don't beat it down  
Don't kick the killer  
Is it hitting home? Like a steel drivin' hammer  
Where was your mind as you were loading your gun  
For taking down the king  
Microscope minds look on and question your sanity  
Look to me this mirror  
See you, see me  
We're driving them crazy  
Don't beat it down  
Don't kick the killer  
Is it getting home? Like a steel drivin' hammer
