Doomed Now

Does It Offend You, Yeah?

We came like a bullet from the valentine
Like a man who was running from the rest of time
I can't move now
It's all doomed now
All these things ruined always was a good time
The emergency I haven't got a lot of time
I can't hear now
I must leave now

We have the right to succeed
With the fear I'm in
You have to push me in
We have the right to succeed
With the fear I'm in
You have to push me in

We came like a bullet from the valentine
Don't understand of my running's a waste of time
I can't speak now
I can't feel now
All these things better always was a bad time
Think emergency we didn't get a lot of time
I can't speak now
I can't feel now

We have the right to succeed
With the fear I'm in
You have to push me in
We have the right to succeed
With the fear I'm in

We came like a bullet from the valentine
Like a man who was running from the rest of time
I can't move now
It's all doomed now
All these things ruined always was a good time
The emergency I haven't got a lot of time
I can't hear now
I must leave now

We have the right to succeed
With the fear I'm in
You have to push me in
We have the right to succeed
With the fear I'm in
You have to push me in
You have to push me in
