

The Sun Will Rise

Iron & Wine

I can see the weight there in your eyes
I can feel the thorn in your side
Your knuckles are bruised from a losing fight
One way down a dead end street
Broken glass underneath your feet
You think the day won't break the sunless night
The sun will rise
The sun will rise
When you've lost your lights
The sun will rise
It'll be alright
It'll be alright
I've been in stuck in a storm before
Felt the wind raging at my door
Couldn't move, couldn't breathe, couldn't find a way out
Somehow my clouds disappeared
Somehow I made it here
Maybe just so you could hear me say
The sun will rise
The sun will rise (The sun will rise)
When you've lost your lights
The sun will rise

It'll be alright (It'll be alright)
It'll be alright
It'll be alright
It'll be alright
And though you can't see it's
So hard to believe it
Sometimes you just need a little faith (All you need is a little faith)
There's an answer to your prayer
And I swear that there'll come a day, yeah
The sun will rise
The sun will rise (The sun will rise)
The sun will rise (The sun will rise)
The sun will rise
Yeah
The sun will rise
The sun will rise

The sun will rise
It'll be alright
It'll be alright (Eeyeaeeyeah)
It'll be alright (Eeyeaeeyeah)
It'll be alright (Eeyeaeeyeah)
The sun will rise
