Spinning Signs

Painted Palms

Oh I can feel it now
The spinning sign just hangin' high
Walking out along the edge
I saw it move just passing by
Lights spill out my mouth,
It's on my hands, it's in the sky
Something in what I said,
It wasn't mine just passing by
Why can't any other words get past my mouth?
Can't ever seem to let my mind out
I'm just talkin' to the things in side my head
Where can I go to now
It doesn't change it's all the same
Riding through the river waters
with that look still on my face
Girl you got it inside out
Those liquid days
They never change
Riding through the river waters
with that look still on my face
Why can't any other words get past my mouth?
Can't ever seem to let my mind out
I'm just talkin' to the things in side my head
Gettin' further awayAhahahaaa ahhhhahha
Ahahahhaa ahhhhahha
Ahahahhaa ahhhhahha
Ahahahhaa ahhhhahhaWhy can't any other words get past my mouth?
Can't ever seem to let my mind out
I'm just talkin' to the things in side my head
Gettin' further away
Oh I can feel it now
The spinning sign just hangin' high
Walking out along the edge
I saw it move just passing by
Where can I go to now
It doesn't change it's all the same
Riding through the river waters
with that look still on my face
Why can't any other words get past my mouth?

Can't ever seem to let my mind out
I'm just talkin' to the things in side my head
