28 Days

Tora Tora

I don't know what you might've been told
But the rumors are here
But my girl gets away
With a ball and chainAnd I can't see what you want from me
We're runnin' out of time
That girl, she never tells me
Just what's on her mindOh, I've been tryin' for 28 days
To make things come out right
And she'll be cryin' for 28 days
'Cause I won't be home tonightWell, I can't see or feel another deal
Unless you send it back on me
The things you do
Drive me to insanityAnd I tell you to find someone new
And cast your wicked spell
How long I'll hold on
The rollin' stone don't careOh, I've been tryin' for 28 days
To make things come out right
And she'll be cryin' for 28 days
'Cause I won't be home tonightOh, I feel so hard to say goodbye
With love deep down inside
I found another
To take me home tonightSure enough, gonna have my fun
Wanna hear my lady scream
She alone can take me
To the edge of my primal screamOh, I've been tryin' for 28 days
To make things come out right
And she'll be cryin' for 28 days
'Cause I won't be home tonightWell, oh, I've been tryin' for 28 days
To make things come out right
And she'll be cryin' for 28 days
'Cause I won't be home tonightWell, oh, I've been tryin' for 28 days
To make things come out right
And she'll be cryin' for 28 days
'Cause I won't be home tonight
