

# Pretty Girls

[Tim Halperin](#)

She's got that Lexus daddy bought her  
And you know she's his only daughter  
Cuz her whole life he has taught her  
That she only gets the best  
Wearing Prada and Chanel  
So you know you can never tell  
What lies beneath her shell

But it's all you can think about You try to play it cool, but she's driving you insane  
You wish you never met her, but now it's much too late She's a pretty girl, she gets what she wants

She's a pretty girl, and she flaunts what she's got  
Oh you can't trust a pretty girl, she just wants to get to the top  
And you can't get a pretty girl, cuz your money can't keep up  
A girl like her could get a good guy  
Someone who knows how to treat her right  
But no matter what the good guys try  
She always dates the punks

She sticks around, you think you've got a chance  
You find you're stuck inside her trance  
But when she finds you want romance,

Oh she runs away You try to play it cool, but she's driving you insane  
You wish you never met her, but now it's much too late She's a pretty girl, she gets what she wants

She's a pretty girl, and she flaunts what she's got  
Oh you can't trust a pretty girl, she just wants to get to the top  
And you can't get a pretty girl, cuz your money can't keep up While kiss begins with K,  
It's gonna take more than a K to send her your way  
Pockets deeper than Trump,

Brad Pitts' looks, they aren't enough  
You try to play it cool, but she's driving you insane  
You wish you never met her, but you're stuck inside her game She's a pretty girl, she gets what she wants

She's a pretty girl, and she flaunts what she's got  
Oh you can't trust a pretty girl, she just wants to get to the top  
And you can't get a pretty girl, cuz your money can't keep up
