Heathen

Heathen

There's got to be a solution
There must be a cure
Something to get me through this confusion
What will it take to set me free?
The time that's passed is full of frustrationSo much to tell, but no words to say
I've suffered enough and my dues are paid
No turning back now
I'm on my wayWhen I look back I see
A time of misery
At times it seemed that it would never end
Life is a gamble
No matter how you play the game
Roll the dice and take your chances
Win or lose it doesn't matter
'Cause there's no escape
When you're a prisoner of fateAnything is possible
But nothing is ever really sure
Not always knowing what's wrong or right
Your only choice is to decide
I stand alone in the pouring rain
I just had to say
Capture the moment before it's gone
You've got the strength to carry onI was condemned to feel
This pain that's so unreal
The chains that bind me are behind me know
Life is a gamble
No matter how you play the game
Roll the dice and take your chances
Win or lose it doesn't matter
'Cause there's no escape
When you're a prisoner of fateOnce I was lost in the abyss
No longer could I go on like thisLife is a gamble
No matter how you play the game
Roll the dice and take your chances
Win or lose it doesn't matter
'Cause there's no escape
When you're a prisoner of fatePrisoners of fate
