They are one of the same
Two inevitables
Two inevitablesWe can't avoid dying
Bursting through our barriers
They are one of the same
They are one of the same
Two inevitables
Two inevitablesWe can't avoid dying
Bursting through our barriers
They are one of the same
They are one of the same
Two inevitables
Two inevitablesWe can't avoid dying
Bursting through our barriers
They are one of the same
They are one of the same
Two inevitables
Two inevitablesBursting through our barriers
They are one of the same
They are one of the same
Two inevitables
Two inevitablesWe can't avoid dying
Bursting through our barriers
They are one of the same
They are one of the same
Two inevitables
Two inevitablesWe can't avoid dying
Bursting through our barriers
They are one of the same
They are one of the same
