

# This Is Always

[Roberta Gambarini](#)

Advisory - the following lyrics contain explicit language:

Our love will live  
Our love will last  
This is not a dream  
That ended with the dawn  
It's one that fate intended  
To go on and on This isn't sometimes  
This is always  
This isn't maybe  
This is always  
This is love  
The real beginning of forever This isn't just  
Midsummer madness  
A passing glow  
A moment's gladness  
Yes, this is love  
I knew it on the night we met You tied a string  
Around my heart  
So how can I forget you?  
With every kiss I know that  
This is always This is always  
This is always This is always  
This is always You tied a string  
Around my heart  
So how can I forget you?  
With every kiss I know  
That this is always
