

Steer (Commentary)

[Missy Higgins](#)

Feel it falling off like clothing
Taste it rolling on your tongue
See the lights above you glowing
Oh, and breathe them deep into your lungs It was always simple, not hidden hard
You've been pulling at the strings
Playing puppeteer for kings
And you've had enough But the search ends here
Where the night is totally clear
And your heart is fierce
So now you finally know
That you control where you go
You can steer So hold this feeling like a new born
Of freedom surging through your veins
You have opened up a new door
So bring on the wind, the fire and the rain It was always simple, not hidden hard
You've been played at a game
Called remembering your name
And you stuffed it up But the search ends here
Where the night is totally clear
And your heart is fierce
So now you finally know
That you control where you go
You can steer, oh So now you finally know
That you control where you go
You can steer 'cause you've been listening for answers
Oh, but the city screams and all your dreams go unheard But the search ends here
Where the night is totally clear
And your heart is fierce
So now you finally know
That you control where you go
You can steer, oh Yeah, get out of the box and step into the clear, oh
'cause now you finally know you can steer
