

Try (Tillmann Uhrmacher Remix)

[Ian Van Dahl](#)

Don't try to run away...
'Cause I understand what you're feeling.
Don't try to run away...
'Cause I understand the pain that's tearing you apart. Just stay here with me.
So you will see...
that you belong to me.
We will be free(2x)
Give your heart.
Feel like a bird in the sky.
Flying on the wings of love.
Come into my open arms. Don't try to run away...
'cause I understand what you're feeling.
Don't try to run away...
'cause I understand the pain that's tearing you apart. Just stay here with me.
So you will see...
that you belong to me.
We will be free(2x)
Give your heart.
Feel like a bird in the sky.
Flying on the wings of love.
Come into my open arms. Don't try to run away...
'cause I understand what you're feeling.
Don't try to run away...
'cause I understand the pain that's tearing you apart. Don't try to run away...
'cause I understand what you're feeling.
Don't try to run away...
'cause I understand the pain that's tearing you apart. Just stay here with me.
So you will see...
that you belong to me.
We will be free(2x)

Feel like a bird in the sky.

Don't try to run away...
'cause I understand the pain that's tearing you apart.
