Friends (those Girls)

Lil' Mo

Friends, how many of us really have 'em?
Mmm, mmm, mmm, mmm, mmm, mmm
Mmm, mmm, mmm, mmm, mmm, mmm
Mmm, mmm, mmm, hey
I never thought I'll be saying this
But I'll never bring my man around my friends again
'Cause the main ones that be hating him
Be the same ones trying to get a piece of him
Oh yes, they tell me this and they tell me that
I believe what they say and then I question you
I figure out what they said behind your back
It was a front, just trying to get next to you
Those were the same girls that said I should leave you
Those were the same girls that said I don't need you
Those were the same girls that sat around and dissed you
Those were the same girls that said I should quit you
Those were the same girls that said you be screaming
Those were the same girls that said they caught you slippin'
You wanna be down, I get the picture
Those are the same girls that wanted to get which ya

Yes, I really thought they where close to me
Tell them everything about you and me
From the sex to the nights you wouldn't come home in
To the fights we had in our relationship
I guess they were using it for their game
'Cause they dog you out and I would do the same
I keep 'em close and my enemies far away
I had it twisted 'cause I use to hear them say
I can do better than you
(Yeah, yeah, I can do better than you, yeah)
That's what they used to say, everyday, all day
They where just trying to take you away, baby
But now, I don't love 'em, I don't trust 'em
I don't see 'em, I don't need 'em
Boy, I need you, please don't leave me
I let go of all my so called friends
But I remember when they tell me
