

# Cry Like a Baby

[Kasey Chambers](#)

Well, I never lived through the great depression  
Sometimes I feel as though I did  
I don't have answers for every single question  
But that's okay 'cos, I'm just a kid  
Well I've seen pictures of my mother  
When she looked exactly like me  
And I've seen all my friends running for cover  
Running from something they can't see  
And it's not easy to get a handle on my life  
But I have tried it time and time again  
But I still cry just like a baby  
And I answer back to feel a little free  
And I still fly even though I'm gonna fall  
But I'm too far gone to let it get to me  
I'm not much like my generation  
Their music only hurts my ears  
And I don't hide my pain to save my reputation  
It's too hard to keep up with these years  
And it's not easy to make a habit disappear  
But I have tried it time and time again  
But I still cry just like a baby  
And I answer back to feel a little free  
And I still fly even though I'm gonna fall  
But I'm too far gone to let it get to me  
(I won't let it get to me)
