

It Feels Good (Live at the Grand Ole Opry)

Drake White

Layin' with my lady on the riverbank
She looked over lazy and gave me a wink
She said there's no sense a-working
If it's this dang hot
So dip your toes in the water baby this is the spot
Well, it feels good, good, good
Yes it feels right, right, right
Oh, it feels good, good, good
So we gonna lay back and let it ride
Well, I bought a scratch-off ticket
Well, the winning kind
When I saw them lucky sevens in that checkout line
I got a twelve-pack, big sack, carton of smokes
Now I'm dancing like I just saw the holy ghost
It feels good, good, good
Yes it feels right, right, right
Oh, it feels good, good, good
So I'm gonna lay back and let it ride
You got them weekend warriors partying all night long
You got them moonshine lovers just getting it on
Does it make you feel happy?
Does it make your heart beat?
Does it make you shake it honey?
Does it make you move your feet?
It feels good, good, good
Yes, it feels right, right, right
Oh, it feels good, good, good
So I'm going to lay back and let it ride
Oh, it feels good, good, good
Yes, it feels right, right, right
Oh, it feels good, baby, good, baby, good
So we're going to lay back and let it ride
