Lost In Time (Kj Sawka Remix)

Celldweller

When I'm lost in time
I'm lost in timeThe criminal in time
He is stealing and feelingI'm not crying
But I'm dying
And I can't help but feel I'm running out of timeA problem I'm not solving
Eternally revolving
I wandered from the pathway
Praying you will come to save meI feel lost in time
but if I wait for direction my lifetime will pass me by
I feel lost in time
I think if I live for forever this feeling will never dieThe criminal in time
He's not healing all revealingI can't deny
I question why
And I cant help but feel like I be lost in timeA problem I'm not solving
Eternally revolving
I wandered from the pathway
Praying you will come to save meI feel lost in time
but if wait for direction my lifetime will pass me by
I feel lost in time
I think if I live for forever this feeling will never dieLost in time
Lost in time
I am criminal without a crime
I am a genius without a mind
Always a reason but there's never a rhyme
How can patience be my virtue when I'm out of time?
(I'm out of time)I am criminal without a crime
I am a genius without a mind
Always a reason but there's never a rhyme
How could I know where I'm going when I'm lost in timeI wandered from the pathway
Praying you will come to save me (Please come to save me!)I feel lost in time
but if wait for direction my lifetime will pass me by
I feel lost in time
I think if I live for forever this feeling would never die(Please come to save me!)This feeling will never die
I'm lost in time
This feeling will never die
I'm lost in time
Never, Ever, DiePlease come to save me!I'm lost in time
This feeling will never die
