

# Are You Okay?

Emma Forman

oooh oooh  
I find myself questioning  
I find myself wondering about your health  
Are you okay?  
Are you alright?  
Do you ever have moments where I cross your mind and you wonder if I'm alright  
Are you okay?  
Are you alright?  
Are you okay?  
Cos I wonder everyday  
Are you okay?  
Are you alright?  
Are you Safe?  
Are you Safe?  
Does she know how special you are?  
How special you are  
Are you okay?  
Are you okay?  
Just a whisper in your ear cos I need to know the truth  
How are you doing?  
Are you okay?  
Are you okay?  
I question and I wonder and I walk about  
Wishing I knew that you were doing fine  
Are you okay?  
Are you okay?  
And does she know special you are?  
And des she know that you're my favourite star  
Does she know?  
Does she know?  
And are you okay?  
Are you okay?  
Cos I wonder about you everyday  
Are you okay?  
Are you okay?
