

# Hand To Phone

## 2 Many DJ's

You're on the phone, you're all alone  
I look at you, I look at you  
Cry  
Binoculars on my eyes  
How come no one's over?

You're on the phone, you're all alone  
Hand to phone, hand to phone  
She talks to you in monotone  
Why can't I come over?

Hand to phone.
