Mirror

Kat Dahlia

[Verse 1]
I wear my heart on my sleeve
Don't act like that's a disease
Need ya'll to bear with me please
I just say what I see
We all just chasing a dream
In the land of the free
While we paying a fee to stay on this concreteWell, I don't know the price of your roof
But, on the first of the month we all pay our dues
When the rain falls, it don't rain on a few
When the sun shine, it don't shine just on you
[Hook]
I don't know the monsters you knew
But I'm tryin to forget the ones I met too.
Baby you could help me
Baby I could help you[Chorus]
You look at me and you see what I see
Because you're looking in the mirror.
When you're with me there's no use in hiding
Because you're looking in the mirror
Baby, Baby, Baby don't look away
Because you're looking in the mirror
'cause maybe, maybe, maybe we're just the same
Because you're looking in the mirror[Verse 2]
We're just crossing paths
For a reason I know that
Hoping just to share some laughs
Avoid the broken glass
Have I met you i past
In a life that I lived last
You know they go too fast
God knows they go too fast[Hook]
Well, I don't know the monsters you knew
But I'm tryin to forget the ones I met too.
Baby you could help me
Baby imma help you[Chorus]
You look at me and see what I see
Because you're looking in the mirror.
When you're with me there's no use in hiding

Because you're looking in the mirror
Baby, Baby, Baby don't look away
Because you're looking in the mirror
'cause maybe, maybe, maybe we're just the same
Because you're looking in the mirrorBaby, baby
Baby, baby[Verse 3]
It's the same pain
and when I wake
I hear the same wave
of sirens coming down my way eh eh eh ay
and I'll never try to leave you
Baby, you're the one I cling to
Baby, don't look away
Baby, don't look away
I am you.[Chorus]
You look at me and see what I see
Because you're looking in the mirror.
When you're with me there's no use in hiding
Because you're looking in the mirror
Baby, Baby, Baby don't look away
Because you're looking in the mirror
'cause maybe, maybe, maybe we're just the sameBecause you're looking in the mirror
I am you, I am you.
Because you're looking in the mirror.
