Stop The Clocks

saidmike

stop the clocks and turn your world around
let your love lay me down
and when the night is over, there'll be no sound
lock the box and leave it all behind
on the backseat of my mind
and when the night is over, where will i rise?
what if i'm already dead, how would i know?
what if i'm already dead, how would i know?
lost inside my head behind a wall

do they hear me when i call?
and when the night is over, where will i fall?
and when the fight is over, where will i fall?
but if i'm already dead, how would i know?
but if i'm already dead, how would i know?
stop the clocks and turn your world around
let your love lay me down
and when the night is over, there'll be no sound
and now the night is over, there'll be no sound
and now my fight is over, there'll be no sound
