

Anthem Song

Aaron Gillespie

We seem to oh God feel I could
Your love for us will always carry on
Your faithfulness is brighter than the dawn
The whole universe is echoing your song
Here it riseYour anthem we sing
You are holy you are holy
Before you knee back down
You are holy you are holy
Oh GodEvery drop into you're fall down on their knees
To you oh God the one and only king
My creation that your glory be may known
And every heart will know you and gotta love youYour anthem we sing
You are holy you are holy
Before you knee back down
You are holy you are holy
Oh God
