

I've Been Waiting

The Brian Jonestown Massacre

I've been waiting such a long long time
I've been waiting girl to try and make you mine and theres no way i'll ever stop trying
and theres no point in both us crying
and theres no reason girl to keep lying
to someone as beautiful as you are Don't worry girl cause i'm hear
know you will love you very dear and theres no way i'll ever stop trying
and theres no reason girl to keep dying
and theres no point in you to keep lying
to someone as beautiful as your are x2 I've been waiting such a long time here
i've been trying girl to draw you very near
and theres no way i'll ever stop trying
so theres no reason now to keep crying
and theres no point to keep lying to someone as beautiful as you are
