And she spoke words
That would melt in your hands
And she spoke words of wisdomTo the basement people, to the basement
Many surprises await you
In the basement people, in the basementYou hid there last time, you know we're gonna find you
Sick in the cars 'cause you're not up to going
Out on the main streets, completing your missionYou hid there last time, you know we're gonna find you
Sick in the cars 'cause you're not up to going
Out on the main streets, completing your missionAnd she spoke words
That would melt in your hands
And she spoke words of wisdomTo the basement people, to the basement
Many surprises await you
In the basement people, in the basementYou hid there last time, you know we're gonna find you
Sick in the cars 'cause you're not up to going
Out on the main streets, completing your missionYou hid there last time, you know we're gonna find you
Sick in the cars 'cause you're not up to going
Out on the main streets, completing your missionYou hid there last time, you know we're gonna find you
Sick in the cars 'cause you're not up to going
Out on the main streets, completing your missionYou hid there last time, you know we're gonna find you
Sick in the cars 'cause you're not up to going
Out on the main streets, completing your mission
