Happy Ever After

Casey Daniels Band

Girl I know itâ€™s late, I think we need to talk
Thereâ€™s a few things, driving me up the wall
If I said it wasnâ€™t love, baby I lied
Iâ€™ve been good at hiding feelings, all of my life
Iâ€™m lost for words, stuck in my head
Nowâ€™s about the time, I get it off my chest

Girl I got your back when no one does
I will hold your hand when trouble comes
Right or wrong, Iâ€™ve been there through it all
Sweep you off your feet before you fall
Just when your world, comes crashing down
Iâ€™ll be the best damn friend that you ever found
Turn your crying eyes to tears of laughter
Girl I want to be your happy ever after

Donâ€™t say a word not even one word
Donâ€™t believe the lies or the things you heard
Donâ€™t wear yourself out, youâ€™ll tear yourself down
The way youâ€™re feeling, I feel right now
My prides on the line, Iâ€™m rolling up my sleeve
Iâ€™ll protect your heart, with everything

Girl I got your back when no one does
I will hold your hand when trouble comes
Right or wrong, Iâ€™ve been there through it all
Sweep you off your feet before you fall
Just when your world, comes crashing down
Iâ€™ll be the best damn friend that you ever found
Turn your crying eyes to tears of laughter
Girl I want to be your happy ever after

Girl I got your back when no one does
I will hold your hand when trouble comes
Right or wrong, Iâ€™ve been there through it all
Sweep you off your feet before you fall
Just when your world, comes crashing down
Iâ€™ll be the best damn friend that you ever found
Turn your crying eyes to tears of laughter

Girl I want to be your happy ever after
