

Sinkin' In

The Peekers

I've been blown away, I've been swept off my feet
Lost at love because I wasn't ready
So it's safe to say, I've got just what I need
Fallin' for you was so slow and steady
Love is sinkin' in bit by bit, drop by drop
Please don't stop 'til my heart is overflowing
Can't help thinkin' this is the one
From the way it's goin' this time
It's deeper than it's ever been
'Cause love is sinkin' in

When two people care and they just take their time
Love can be a whole lot more than magic
When you're in my arms and you whisper, "You're mine"
I can't believe just how good I have it
Love is sinkin' in bit by bit, drop by drop
Please don't stop 'til my heart is overflowing
Can't help thinkin' this is the one
From the way it's goin' this time
It's deeper than it's ever been
'Cause love is sinkin' in

Love is sinkin' in bit by bit, drop by drop
Please don't stop 'til my heart is overflowing
Can't help thinkin' this is the one
From the way it's goin' this time
It's deeper than it's ever been
'Cause love is sinkin' in
Love is sinkin' in
