Goldfrapp

Moments of perfection Idle in the sunshine Overbearing hunter In another worldI'm not your kind I'm not your girl Dreams we had seen bright And pastel timeCologne cerrone, cerrone Houdini Cerrone Houdini Cologne cerrone, cerrone Houdini Cerrone HoudiniSunlight in your eyesDriving over stateside Left the smoke behind us Could we be together In another world?I'm not your kind I'm not your girl See I'm in your car But not your lifeCologne cerrone, cerrone Houdini Cerrone Houdini Cologne cerrone, cerrone Houdini Cerrone HoudiniSunlight in your eyes Sunlight in our eyes Like diamonds in your hair
