

Solid Ground

The Splitters

Cannot fall, never do regret
Know just what is being said
 Know the risk you take
Keep your head above it all
 Sure you can fall
But not now you gotta prove
Something new, being you, being you
 Can't feel, keep from asking why
 Be the strongest at goodbyes
 Know your place in life
Now expand your wings and fly
 It reaches high but not,
 Enough you seem to me
 So incomplete, swept off your feet
And let me tell you they will always pull you down
Before you know it they will take your smile and push you around
 They will fight and struggle
 To blur and trouble
 Your sense of solid ground
Cannot know, lose your self-control
 Be and angel over all
 Know your secret way
 Laugh at everything they say

Will you remain the same?
And now you dare not see
 What's letting go
 Inside of me, is it me?
And they will always pull you down
Before you know it they will take your smile and push you around
 They will fight and struggle
 To blur and trouble
 Your sense of solid ground
Keep your head above it all, sure you can fall
 But not now you gotta prove
 And they will always pull you down
Before you know it they will take your smile and push you around
 They will haunt your every dream
 They will make you come undone at the seams

And they will fight and struggle
To blur and trouble
Your sense of solid ground?
Keep your head above it all
Sure you can fall
But not now you gotta prove
Something new, being you, being you
