

# Ask the Mountains

Vangelis

Don't come after  
Don't come after  
Don't come after  
Come, come  
Come, comeDon't come after  
Don't come after  
Please don't follow me along  
When you read this I'll be goneAsk the mountains, springs and fountains  
Why couldn't this go on?  
Couldn't our happiness go on?  
Ask the sun that lightens up the sky  
When the night gives in, to tell you whyAsk the mountains  
Wild woods, highlands  
Ask the green in the woods and the trees  
The cold breeze coming in from the seaSprings and fountains  
Ask the mountains  
Springs and fountains  
Ask the mountainsSprings and fountains  
Ask the mountains  
Springs and fountains  
Ask the mountainsAsk the sun that lightens up the sky  
When the night gives in, to tell you why  
Tell the mountains  
Springs and fountainsWhy couldn't this go on?  
Couldn't our happiness go on?  
Why couldn't this go on?  
Couldn't our happiness go on?
