

Getting Hotter

Baha Men

Let me see you workin'
Let me see you tuckin' now
Let me see you wine it down for me
Come on girl, let's get wet
Wanna see you sweat
Smoke to the beat, shake to the beat
You know this party's getting hotter
It's getting hotter
I'm feelin' hotter, feelin' hotter
You know I want, I wanna get with you
Your body's groovin'
Oh, you make my head spin
I wanna join you, I wanna do it like you do
I've got the fever
You know this party's gettin' hotter
It's getting hotter
I'm feelin' hotter, feelin' hotter
I wanna let my hair down
I wanna let my hair down
I wanna let my hair down
I wanna let my hair down
I think you've got me just where you want me now
You've got to fake me, oh girl, you just how
I've got this feelin', I'm never leavin'
Let me lose my color
You know this party's getting hotter
It's getting hotter, I'm feelin' hotter
Feelin' hotter
I wanna let my hair down
I wanna let my hair down
I wanna let my hair down
I wanna let my hair down
Rap
You know this party's getting hotter
It's getting hotter, I'm feelin' hotter
Feelin' hotter
Let me see you workin'
