

# The News

## Dogwood

I've got news for you  
Things will never be the same  
What we had is all I knew  
What we lost is all on you  
I've got news for you  
We're through

I've got news for you  
Things will never be the same  
What we had is all I knew  
What we lost is all on you  
I've got news for you  
We're through
