Have Love, Will Travel

Brother Hawk

I heard love and only love can fill the void,
but I know that love can just as easily become the void.
Well that's just the difference between love you
find and love you were born with.
I know that I won't ever live without love to give.
I heard love and only love can break your heart,
but I know that love is all that keeps you hangin'
on when things get dark.
