

Tonight's With You

Black Rebel Motorcycle Club

(1, 2, 1, 2, 3, 4) You couldn't doubt her

You couldn't doubt her Tonight

Tonight's with you

Tonight

Tonight's with you You couldn't die

You couldn't die Tonight

Tonight's with you

Tonight

Tonight's with you It's like a tear falling

It's like a dream always

It's like a dream gone away Gone away

Gone away

Gone away You couldn't love her

You shouldn't wonder Tonight

Tonight's with you

Tonight

Tonight's with you
