

# The Templar Flame

## Hammerfall

So where were you when darkness came to life  
Inside a dream that controlled your inner plight  
Take a look at me, you've ruined what we had  
Inner visions, infrared, it drives me mad  
Out of control  
The system mounted on the wall  
For every soul there's no way out  
In this world where nothing lives  
The walls are caving in, life's a sin  
In this world we have to give  
Before we all can see The Templar Flame  
Do you believe surveillance is the cure  
The remedy for our insanity  
Take a look around and tell me what you see  
Souls walking painlessly like you and me  
In infrared  
Controlling what is left to see  
Awake the dead, there's no way out  
In this world where nothing lives  
The walls are caving in, life's a sin  
In this world we have to give  
Before we all can see The Templar Flame  
You see the words, speak  
In infrared, speak  
You see the words  
Damn the machine, speak  
Speak of the flame, the Templar Flame  
Oh, oh, oh
