

# Fence Sitter

## Ball Park Music

Is tonight wrong for my heart?  
I learnt the lines for the whole part.  
Bought the outfits and the cherry red lipstick  
But the girl she gets to me.

She was a smart artist,  
She looks you in the eye,  
And she kisses with her other fist,  
And it feels good.

Oh I put it on red and I lose,  
I regret all my tattoos,  
I just wanna be a fence sitter,  
Fence sitter with you.

And I admit it,  
It's total defeat,  
I tried to woo her with my two left feet,  
But in the [??] I tried to give a shit about it  
But the girl she gets to me

She was a smart artist,  
She looks you in the eye  
As she kisses with her other fist,  
and it feels good.

Oh I put it on red and i lose,  
I regret all my tattoos  
I just wanna be a fence sitter,  
Fence sitter with you.

[Instrumental]

I was a dumb artist,  
Took a catalogue of hits to the edge of the cliff,  
And I slipped but it felt good.  
I put it on red and I lose,  
I regret all my tattoos,  
I just wanna be a fence sitter,  
Fence sitter with you
