Better Sorry Than Safe

Halestorm

I can't even think of one good reason
Why I'm always thinking about leaving
It's not like everything's so horrible
We've been together for a few years now
And you know all my ins and outs
But everything's way too comfortable
From the moment I wake I plan my escape
I'm not scared
'Cause I know there's something out there waiting for me
And I swear that I'll find it someday, just wait and see
I don't care that you call me crazy
I can't stay 'cause I need room to breathe
There's nothing left to say, better sorry than safe
Sometimes I wish you cheated on me
Then leavin' here would be so easy
It's time to take a chance and give you up
In the morning I'll wake and make my escape
I'm not scared
'Cause I know there's something out there waiting for me
And I swear that I'll find it someday, just wait and see
I don't care that you call me crazy
I can't stay 'cause I need room to breathe
There's nothing left to say, better sorry than safe
I'm not scared
'Cause I know there's something out there waiting for me
And I swear that I'll find it someday, just wait and see
I don't care that you call me crazy
I can't stay 'cause I need room to breathe
There's nothing left to say, better sorry than safe
Oh yeah, there's nothing left to say
