

# What Cha' Gonna Do for Me

Chaka Khan

All night and day  
Just chippin' away  
It's all in a day's work  
Tryin' hard to defend  
The time that I spend alone  
The crown that you lose  
Exploiting the blues  
Won't get the job done  
As hard as it bites  
I'm keepin' my sights on you  
CHORUS:  
What cha' gonna do for me  
What cha' gonna do for me  
What cha' gonna do for me  
When the chips are down  
In the cool of the night  
When nothing seems right  
The feeling can take you  
Strange as it seems  
You make your own dreams come true  
If you try to conceal  
The way that you feel  
You're asking for trouble  
Just as sure as I cry  
I'm keeping my eye on you  
What cha' gonna do for me  
(When the going gets tough, boy)  
What cha' gonna do for me  
(Tell me truly)  
What cha' gonna do for me  
When the chips are down  
REPEAT CHORUS  
You don't have to tell me  
I'm to blame for this  
'Cause what you hold against me  
Is what I miss  
What cha' gonna do for me  
(Ah, what cha gonna do, boy?)  
What cha' gonna do for me  
(What's on your mind?)  
What cha' gonna do for me  
What cha' gonna do for me  
REPEAT SEVERAL
