

Celebration, Florida

Chumbawamba

The good folks pull together
It's July 4th forever
Down in celebration, FloridaThe neighbors bring you coffee
And everyone's always happy
Down in celebration, FloridaThere's a bake sell at the schoolhouse
And they're selling innocence
They're keeping out the deviants
To protect the residents
Of celebration, celebration, FloridaThey're buying up nostalgia
For a time they can't remember
Down in celebration, FloridaThey're sharing homemade corn chips
Even the dogs get face lifts
Down in celebration, FloridaThere's a bake sell at the schoolhouse
And they're selling innocence
They're keeping out the deviants
To protect the residents
Of celebration, celebration, FloridaThere's nation fighting nation
There's kids with malnutrition
But not in celebration, FloridaSocial engineering
It gives you that fuzzy feeling
Down in celebration, FloridaThere's a bake sell at the schoolhouse
And they're selling innocence
They're keeping out the deviants
To protect the residents
Of celebration, celebration, FloridaCelebration, celebration, celebration, Florida
