Oh why can't you understand I want to be just like superman
I want to fly so high up in the sky be immortal never gonna die
I wanna be a super hero I wanna fly so high
I wanna be a super hero be immortal and I'm never gonna die
Oh why can't you understand with my mask I'll be like batman
With my powers I could save the world drive the car and always get the girl
I wanna be a super hero I wanna fly so high
I wanna be a super hero live forever and never gonna die

I'll be a super hero
Not just a loser zero
I'll be a super hero
Oh why can't you understand I don't want to be just a mortal man
I want to fly so high up in the stars
Use my xray vision counting cards
I wanna be a super hero I wanna fly so high
I wanna be a super hero live forever and never gonna die
