

# Let's Be Lovers Again

Eddie Money

Let's take a day  
Let's slip away  
Yeah we'll laugh and play  
and both pretend that we're lovers again  
Do you remember when  
I kissed you with the wind  
We had our secrets then  
I never told no one so let's be lovers again  
Please find some time to spend  
With a long lost friend  
and we'll be lovers again  
Yeah we'll be lovers again  
I see you now and then  
I wonder how you been girl  
I don't want to hurt you  
I don't want to know him  
Let's just be lovers again  
I find it so hard now  
to live without you baby  
I know you want him  
and you don't need me  
I hear your girlfriends talk about you  
But I wanna talk to you again myself  
So I can see baby  
Yeah, we'll be lovers again  
We'll be lovers again  
Stop the hands of time  
Tell me that you're mine  
Come on back to me  
Can't you see I need you  
We'll be lovers again
