

Misty Eyes

Chase Johanson

Oh misty eyes
Just Float into the water
tell your little lies
Cuz your heart don't seem to botherFind some grass to lay
The world arounds your father
Leave your tears behind
Just sink into the waterOoh hoo oohSilver are the trees
When the moon is at it's brightest
Broken is your soul
When your hope is at it's lightestDrown yourself in love
Be the one that holds on tightest
And fly like a dove
Baby you will shine the brightestOoh hoo oohThrow your love out on the line
Stare at the stars to pass the time
The sun goes away but you'll be fine
Cuz in the dark is when you shine
In the dark is when you shineOh misty eyes
Just Float into the water
tell your little lies
Cuz your heart don't seem to botherFind some grass to lay
The world arounds your father
Leave your tears behind
Just sink into the waterOoh hoo oohThrow your love out on the line
Stare at the stars to pass the time
The sun goes away but you'll be fine
Cuz in the dark is when you shine
In the dark is when you shineOh misty eyes
Just Float into the water
tell your little lies
Cuz your heart don't seem
