

# Cry Myself To Sleep

[Del Shannon](#)

The parties over everybody go home,  
I'm sorry but I'd like to be alone,  
Cos every time I see her I have to weep  
I'm gonna cry myself to sleep I through this party thought you would never come back  
All she wants to do is see me cry  
and when I see her I just have to weep  
I'm gonna cry myself to sleep Cry y-y-y-y-y  
Cry y-y-y-y-y Did you notice how she danced with every guy but me  
She loves to me in misery  
I used to be her little buttercup  
But now she comes around to break me up so everybody won't you please go home,  
The party is over and I'd like to be alone,  
Cos when I see her I just have to weep  
I'm gonna cry myself to sleep Cry y-y-y-y-y  
Cry y-y-y-y-y Did you notice how she danced with every guy but me  
She loves to see me in misery  
I used to be her little buttercup  
But now she comes around just to break me up so everybody won't you please go home,  
the party's over and I'd like to be alone,  
C'os when I see her I just have to weep  
I'm gonna cry myself to sleep Cry y-y-y-y-y  
Cry y-y-y-y-y
