

# Get Pissed

## The Movement

Whatever you may be like  
whoever came here first  
was it you or was it us  
you can't get enough 'cous you control the money  
and the soldiers too  
what if I show you something new  
its more than "point of view" There's a battle ragging on the highstreet  
don't you read the reading on the concrete Get pissed have some fun  
get laid by everyone  
you gonna break some bones  
you gonna feel alone C'mon boy c'mon girl  
everything is in this world  
some feels bad some feels good  
it's your time and you gotta go your own way TV-entertainment  
your brain is unemployed  
you can never judge what is right  
and there will be no fight 'Cous you control the money...
