come closer
come lay beside me
get lost in sweet careless
come closer
touch me I will
do what's good for you
sometimes when I'm alone
I lie in bed and think of you
and I do things to pass th time
baby, I wanna love you, love you
and at that moment
there's nothing else I wanna do
cause you simply
Chorus:
electrify me
electrify me with your love
electrify me
and I'll do what's good for you
come closer
come lay beside me
get lost in sweet careless
come closer
touch me I will
do what's good for you
you should really know
that actually
it's more then physical
I'm in love with you
will you marry me
cause I'm helpless,
totally helpless
without you here
just look at me
look at me
Chorus
come closer
come lay beside me

get lost in sweet careless
come closer
touch me I will
do what's good for you
come closer
come lay beside me
get lost in sweet careless
come closer
touch me I will
do what's good for you
