

# GASOLINE

## SOUL'd OUT

Oh well, oh well  
Guess you've got it all worked out so far  
    You adjust your reason  
Until you see the light from where you are  
    But you can never win  
        You can never lose  
        That's the worst part  
You can only say that what you want  
    Is where you are  
        You're beautiful, girl  
    Won't you listen to me?  
        Well, I tried so hard  
        To give you what you need  
        And it burned like gasoline  
        Oh well, oh well  
        It never took a lot to make this hard  
        'Cause you're so off balance  
And I knew all the words to set you off  
    But you can never win  
        You can never lose  
        That's the scorned heart  
Then you throw your head back  
    And you laugh at where we are  
        You're beautiful, girl  
    Won't you listen to me?  
        Well, I tried so hard  
        To give you what you need  
        And it burned like gasoline  
        Won't you listen to me?  
        Well, I tried so hard  
        To give you what you need  
        And it burned like gasoline  
        Gasoline, gasoline, gasoline  
        You're beautiful, girl  
    Won't you listen to me?  
        Well, I tried so hard  
        To give you what you need  
        And it burned like gasoline  
        Won't you listen to me?

Well, I tried so hard  
To give you what you need  
And it burned like gasoline  
    Burned like gasoline  
    Burned like gasoline
