

cold

Matt McGhee

I can still remember
When we were first together
Every time you held my hand
It felt just like forever
It feels like it's not the same
Is it me or has the weather changed?
 Say what you got to say
 Something's going wrong
 It's getting cold in here, baby
And I don't know what's going on
 But I feel the love is gone
 It's getting cold in here, baby
And I don't know what went wrong
 But I think you're letting go
 Used to be into me
 Now you're like, whatever
 All my friends can't believe
 That we're still together
 It feels like something strange
Is it you or has the weather changed
 Say what you got to say
 I'm not here to place the blame
 It's getting cold in here, baby
And I don't know what's going on
 But I feel the love is gone

 It's getting cold in here, baby
And I don't know what went wrong
 But I think you're letting go
 But I think you're letting go
 Colder than it used to be
And everything is a little bit hard
 Frozen just like you and me
 It's getting cold in here, baby
And I don't know what's going on
 But I feel our love is gone
You should know, you should know
 It's getting cold in here, baby
 And I feel a chill coming on

And I think your love is gone
It's getting cold in here, baby
And I don't know what went wrong
 But I think you're letting go
 (It's getting cold in here, baby)
 Yeah, I think you're letting go
 (It's getting cold in here, baby)
 How could you be so cold
(It's getting cold in here, baby)
I don't know what went wrong
 But I think you're letting go
