Next To Mine (feat. Ayer)

Boogrov

Sweat it out baby, your body has a fever
I am thirsty
I've been stranded in a desert
Give me your shelter
I'm gonna soak you upThis is a one time only
Don't blink, my eyes are open
You're lines in the moonlight
Hold on, hold on, hold on
I need a minuteStop the time, your silhouette in the dark
I'm memorizing
Stop the time, your silhouette in the dark
Your body right next to mine
Next to mine, next to mineHold me in baby, I wanna make this right
So let me lingerYour skin, on my body
It's what I've been wanting
How you bend, I'll remember
Hold on, hold on, hold on
I feel superhumanStop the time, your silhouette in the dark
I'm memorizing
Stop the time, your silhouette in the dark
Your body right next to mineStop the time, your silhouette in the dark
I'm memorizing
Stop the time, your silhouette in the dark
Your body right next to mine
Next to mine, next to mine
