

# Lest I Forget (feat. ELLIE)

## Endymion

Bound and broken  
I left unspoken  
My memories  
These eyes of silver  
Never quiver  
Or show on these  
I took my hellfire  
Took my pain  
And washed it clean  
With all my rain  
Lest time forget  
The scars you etched  
That make me who I am  
Lest I forget  
That make me who I am  
I took my hellfire  
Took my pain  
And washed it clean  
With all my rain  
Lest time forget  
The scars you etched  
That make me who I am  
Lest I forget(Lest I forget) 3x
