

One Good Reason

Reba McEntire

You said you were out with a friend
Well your friend left her lipstick in your car again
That mark on your neck didn't get there from shaving
I got a feeling you've been misbehaving So give me one good reason why I should stay
Just one good reason not to walk away
Must be open season on cheating man-a-teasing
And why do you do me this way
Just give me one good reason to stay
And I stay You tell me your love is true
Well is that what you tell all the other girls too
You can't tell the truth babe you're not even trying
I got a feeling you're just alibiing So give me one good reason why I should stay
Just one good reason not to walk away
Must be open season on cheating man-a-teasing
And why do you do me this way
Just give me one good reason to stay
And I stay Just give me one good reason why I should stay
Just one good reason not to walk away
Must be open season on cheating man-a-teasing
And why do you do me this way
Just give me one good reason to stay
And I stay Just give me one good reason why I should stay
Just one good reason not to walk away
Must be open season on cheating man-a-teasing
And why do you do me this way
Just give me one good reason to stay
And I stay Just give me one good reason why I should stay
Just one good reason not to walk away
Must be open season on cheating man-a-teasing
And why do you do me this way
Just give me one good reason to stay
