Shining Star

Hybrid Ice

Robert Scott Richardson/Chris Albuger

Hear I stand with mixed emotions
Looking for a new direction
I'm just looking for another point of view
Since you've been gone these restless nights
Are tearing me apart and you're my shining star
Can you hear me calling

Keep it coming
Since you've been gone
Keep it coming
I can't sleep at night
I can't get enough of you
Can you hear me call
Keep it coming
I can't find my way
Keep it coming
You're my shining star

I want you here tonight
I need to hold you tight
When the new day dawns I want you by my side
Can you feel it in the air tonight
Well this love is never ending and my heart's in need of mending
Can you hear me calling

Keep it coming
Since you've been gone
Keep it coming
I can't sleep at night
I can't get enough of you
Can you hear me call
Keep it coming
I can't find my way
Keep it coming
You're my shining star
