

# Rise & Fall

## Justice Crew

I could see your voice, but I could never hear it  
Through the static noise around me  
But I can't give up, so I keep on swimming  
Through the ocean 'till you find me  
Life's our only way  
Your heart can keep me safe  
Tonight, I'm floating toward my home Ooh, lost in the water  
Save me before I drown  
Take me away tonight  
Onto your iceberg,  
I'll let my anchor down  
Under the northern lights  
Your heart is home We're a dancing flame  
Our fire's always burning  
Growing brighter all the time  
Though the Earth might shake,  
I know it's always turning  
'Cause you remind me we'll be fine  
Life's a rolling wave  
Your heart can keep me safe  
Tonight, I'm floating toward my home Ooh, lost in the water  
Save me before I drown  
Take me away tonight  
Onto your iceberg,  
I'll let my anchor down  
Under the Northern lights  
Your heart is home I feel the beat, I feel the beat, I feel the beat,  
Rise & fall  
I feel the beat, I feel the beat, I feel the beat,  
Rise & fall  
I feel the beat, I feel the beat, I feel the beat,  
Rise & fall  
I feel the beat, I feel the beat, I feel the beat,  
Rise & fall Can we breathe, just for a minute?!  
Come and take my hand, now that we're in it  
Let the moment freeze, so we won't forget it  
Tonight, tonight! Lost in the water  
Save me before I drown  
Take me away tonight

Onto your iceberg,  
I'll let my anchor down  
Under the Northern lights  
Your heart is home I feel the beat, I feel the beat, I feel the beat,  
Rise & fall  
I feel the beat, I feel the beat, I feel the beat,  
Rise & fall  
I feel the beat, I feel the beat, I feel the beat,  
Rise & fall  
I feel the beat, I feel the beat, I feel the beat,  
Rise & fall Ooh ooh oh oh ooh oh oh  
Rise & fall  
Ooh ooh oh oh ooh oh oh  
Rise & fall  
Ooh ooh oh oh ooh oh oh  
Your heart is home
